Injector Flow Test Form

Name: _____ Phone Number: _____

Shipping Address: _____ 17 Digit VIN: _____

When and where were your injectors purchased: _____

What size injectors: _____ How many Injectors are you sending: _____

Explain the reason for testing your injectors:

Additional Notes:

- Package injectors securely and separately to avoid damage during transit. DO NOT use USPS flat rate boxes as they are thin and prone to damage.
- Flow test includes new external O-rings, copper washers and any minor repairs.
- We will contact you within ~3 business days with test results.
- Take note of your tracking number used to ship injectors to us and confirm delivery with carrier and it has been 3 business days before calling to check status of testing.
