Briefly describe the issue you are having:

Diagnostics Performed:

- Package part(s) securely and separately to avoid damage during transit. DO NOT use USPS flat rate boxes as they are thin and prone to damage.
- We will contact you once part(s) have been tested. Warranty testing times vary by brand.
- Take note of your tracking number used to ship part(s) to us and confirm delivery with carrier. DO NOT call to check on your part(s) without a tracking number.
- Customer is responsible for shipping costs to ship part(s) back to us for warranty evaluation.
